

# “C&O Heavy Pacific F-19 4-6-2” In S Scale Brass

*Expertly built by the master craftsman at Boo Rim Precision*

River Raisin Models announces the classic C&O locomotive Boo Rim Precision will be producing these models in all five road numbers that will feature two different tenders. The models will include the features and quality that you have grown to expect from River Raisin Models. See our website for updates to this project including photos and information.
