

“Southern Pacific Switchers”

“S-12 & S-14 0-6-0’s”

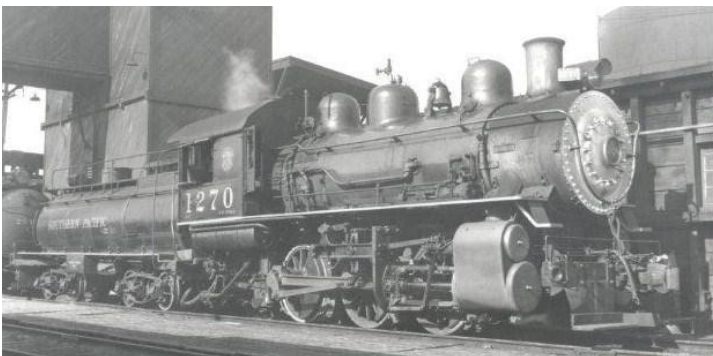

In S Scale Brass

Expertly built by the master craftsman at Boo Rim Precision

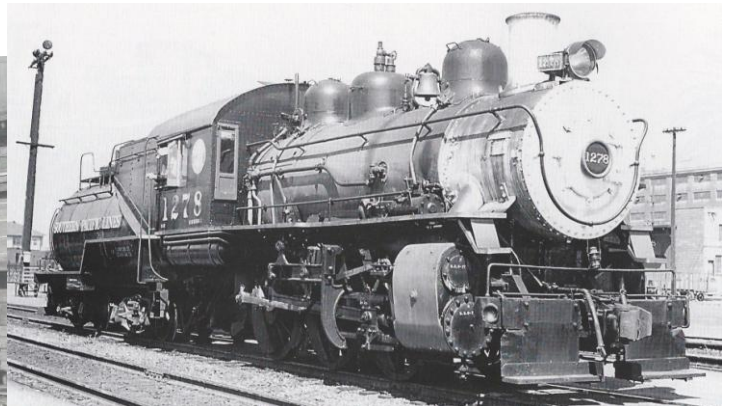

River Raisin Models continues with our series of Southern Pacific steam locomotives that will add to your stable of your SP steam roster. Our builder, Boo Rim Precision will be producing these models in many road numbers that will feature several different tenders and in handsome station paint schemes with colored boilers. The models will include the features and quality that you have grown to expect from River Raisin Models. See our website for updates to this project including photos and information. www.riverraisinmodels.com.
